

AQUASOLUS

Product Brochure

# Introducing the AquaSolus Collection

**AquaSolus is redefining luxury, wellness, and relaxation with its collection of premium hot tubs and swim spas.**

Inspired by the natural elements of water, simplicity, and balance; each model in the AquaSolus series is designed to transform the way you relax, offering the perfect blend of elegance and wellness.

AquaPure Series 1

NaturaBalance Series 2

AquaLux Series 3

Swim Spa Series

MiniPool Series

Vacation Series

Designed in England.  
Tailored to you.

# The AquaSolus Difference

## Innovation at the forefront

We have raised the bar with leading technologies and design to ensure every detail was considered throughout the design process.

## Quality you can trust

Through cutting-edge innovation, superior craftsmanship, and a commitment to wellness and vitality, we continue to set the standard for excellence.

## Exceptional craftsmanship

Every spa features a stainless-steel structure, complemented by a meticulously hand-sprayed and hand-rolled fibreglass finish. Our plumbing is expertly assembled by hand, with fittings manually glued and secured. Additionally, many jet holes are either hand-drilled or precision-cut.

## Wellness at the core

Our hot tubs offer more than just relaxation – they promote overall well-being, stress relief, and renewed vitality. Experience the therapeutic warmth and rejuvenating hydromassage, whether enjoying peaceful solitude or quality time with loved ones, for a healthier, happier you.

# The Ultimate Wellness Experience

## Wellness, redefined

Whether recovering from a workout or seeking to unwind after a busy day, AquaSolus is your personal sanctuary of wellness, providing a space for rejuvenation and low-impact exercise, tailored to your needs.

## Built for performance, designed for Life

The adjustable turbine systems in our swim spas offer customisable resistance, simulating open-water swimming for effective, low-impact exercise. Both the hot tubs and swim spas are engineered with performance in mind.

## A sanctuary for mind and body

More than just physical wellness, AquaSolus offers a retreat for the mind. With mood-enhancing lighting, AquaSolus creates an immersive, calming environment that helps reduce anxiety, improve sleep, and promote mental clarity.

# Elevate Your Wellness Journey

## Designed to keep you active and stress free

Ergonomically designed seating effortlessly adapts to your body, placing you in the ideal position for ultimate stress relief. Tailor your experience with personalised controls to allow you to precisely adjust the air and water blend, and direct water flow to specific jet groups and seating areas for a truly customised massage.

## Lighting up your experience

The AquaSolus hot tub features stunning LED lighting that enhances your spa experience, especially at night. This dynamic lighting system effortlessly elevates the aesthetic appeal, perfect for enjoying evening gatherings or peaceful moments under the stars.

## Engineered water care

Our advanced purification system delivers clean, natural-feeling water that's easy to manage and extends its life. The innovative, low-maintenance filtration systems efficiently remove impurities, while accessories help reduce contaminants from your fill water, making water care hassle-free. Spend more time relaxing and less time on upkeep.

## Tune in to tranquillity

The high-quality speakers deliver clear, immersive sound, allowing you to unwind with your favourite playlists or podcasts. Whether you're hosting friends or enjoying a quiet evening, this feature enhances the ambiance, making every moment in your hot tub truly memorable.

# AquaPure & NaturaBalance Feature Highlights (Series 1 & 2)

The perfect balance of comfort, power, and luxury

## 3" 4" and 6" Slimline Directional & Rotational Jets

Precision meets power

### Ergonomically designed headrests – Luxury in every detail

Our beautifully sculpted headrests, are designed to cradle your head and neck in perfect comfort. The ergonomic design ensures maximum support, allowing you to fully relax and let the soothing effects of the hot tub melt away any tension. Crafted to complement the aesthetic of your spa, these headrests are as visually stunning as they are functional.

### Infinity waterfall fountain – A stunning centrepiece

Immerse yourself in the calming ambience of the Infinity Waterfall Fountain, where the gentle flow of water cascades seamlessly into your spa. This beautiful feature not only enhances the tranquil environment but also adds a touch of modern elegance to your AquaSolus hot tub, creating a multi-sensory experience that soothes both body and mind.

### Diverter control – Personalised power and flow

Take full control of your spa's power with the stunning Diverter Control. This sleek and functional feature allows you to effortlessly adjust the flow of water to any seating position, ensuring every jet delivers the optimal level of comfort and intensity exactly where you need it most.

### Premium audio experience – Sound like never before

Complete your luxury spa experience with our Premium Audio System, featuring an integrated speaker setup that delivers crisp, clear sound. Whether you're unwinding to soft melodies or energising your soak with your favourite playlist, the high-quality audio elevates every moment in your AquaSolus hot tub.

### LED lighting – Ambient illumination for any mood

Bathe in the glow of our LED Light, designed to illuminate your spa, creating a mesmerising atmosphere. Whether you prefer a tranquil glow for evening relaxation or vibrant lighting to match your mood, this feature enhances your spa experience, turning each session into a visual delight.

# AquaLux

## Feature Highlights (Series 3)

### in.touch 3+ with Connectivity Module and Mobile App

Stay connected to your spa from anywhere. The in.touch 3+ module pairs with an intuitive mobile app, giving you remote control over temperature, lighting, pumps, filtration cycles and energy-saving modes. Whether you're on the sofa or away from home, your spa remains just a tap away.

### 5" Gecko K1000 Touchscreen Control Panel

The sleek 5-inch K1000 touch interface provides effortless operation through a bright, responsive display. Clear icons and intuitive navigation make controlling your spa simple, elegant and modern; bringing a premium user experience to every soak.

### Enhanced WiFi Connectivity

Unlike Series 1 & 2, the AquaSolus Series 3 range comes with built-in WiFi capability as standard. Enjoy instant app pairing, real-time alerts and seamless integration with smart home routines for the most connected spa experience yet.

### High-Efficiency Ozone System with Mixing Chamber

Our upgraded ozone purification system features a dedicated mixing chamber for dramatically improved efficiency. By operating pressure-free, it maximises contact time between ozone and water, boosting sanitisation performance while reducing chemical use resulting in cleaner, fresher water with minimal effort.

### Gecko Water Lab: Automated Watercare System

Experience effortless water management with the Gecko Water Lab. This fully automated system continuously monitors key water chemistry parameters and makes adjustments in real time. Its advanced probe, sensor array, and precision-engineered chamber work together to maintain balanced, crystal-clear water – so your spa is always ready when you are.

### VMS Pump with Pre-Configured & Customisable Massages

Choose from a selection of expertly pre-configured massage programs or create your own personalised sequence at the touch of a button.

### Premium UV Watercare System

The integrated UV sanitisation system provides an additional layer of water purification, neutralising bacteria and ensuring exceptional water clarity. This advanced, chemical-free technology delivers some of the purest, most inviting spa water possible.

### All-New Slimline Jet Collection

Crafted for both comfort and performance, our slimline jets offer a refined aesthetic with powerful hydrotherapy output. The redesigned profile gives the spa interior a modern, streamlined look while enhancing flow dynamics for a superior massage.

### Stainless Steel Slimline Waterfall Feature

A contemporary stainless steel waterfall adds an elegant visual centrepiece to your spa. Its smooth, illuminated cascade creates a tranquil ambience while delivering a luxurious sensory experience.

### Slimline Headrests

Ergonomically shaped with a sleek, modern profile, the new slimline headrests provide exceptional comfort while complementing the spa's clean design. Built from durable, water-resistant materials for long-lasting support.

### Magnetic Cup Holders

Ingenious magnetic cup holders keep drinks secure and within easy reach – no matter where you choose to relax in the spa. They attach seamlessly to the spa shell for convenience without compromising design.

# Swim Spa Series Feature Highlights

## Nonslip, comfort floor system

The Nonslip, Comfort Floor System provides both safety and comfort with its special blend of traction and cushioning. This flooring grips your feet during every movement, making exercises easier and more comfortable. It's applied to all entry and exit steps, as well as the entire floor area, ensuring stability and reducing the risk of slipping while adding a layer of comfort underfoot.

## Flow – Turbine water system

The Flow swim spa offers a smooth, powerful current with its advanced turbine system, mimicking open water swimming. With 9 speed settings, users can customise intensity for gentle or vigorous workouts. Designed for continuous, balanced flow, the quiet, efficient turbine ensures uninterrupted, endless swimming, making it perfect for fitness enthusiasts of all levels.

## Hydrotherapy

Swim spas offer a soothing escape, perfect for easing muscle aches and finding mental relaxation. With adjustable temperature settings and strategically placed jets, you can enjoy the ultimate hydrotherapy experience tailored to your comfort. Whether you're looking to unwind after a long day or relieve tension, a swim spa provides the ideal environment to rejuvenate both body and mind.

## Always clean water

Every drop of water is continuously filtered, even while you're using it. Our advanced filtration system, paired with high-flow, multi-layer filters, ensures that the water is thoroughly purified each time it circulates. This cutting-edge technology guarantees that you enjoy the cleanest, freshest water possible, allowing you to fully relax and enjoy your swim spa with complete peace of mind.

# Warranty Overview

**\*Lifetime warranty on the shell structure of the spa:** Superior Wellness warrants the structural integrity of the spa shell against water loss due to defects in the material or workmanship.

**\*7 years warranty on the shell surface of the spa:** Superior Wellness warrants the shell surface of the spa against blistering, cracking, and delamination.

**2 years warranty on Control box and display module:** Superior Wellness warrants the display and the spa control box against defects in materials and workmanship. This warranty is not given on fuses, bulbs and gaskets.

**2 years on pumps:** Superior Wellness warrants the jet and circulation pumps against defects in materials and workmanship.

**2 years warranty on plumbing:** Superior Wellness warrants the plumbing against leaks from fittings, pipes, drains, joints, internal plumbing, bonded parts, jet housings.

**2 years warranty on the cabinet of the spa:** Superior Wellness warrants the cabinet against cracking, peeling of the surface, due to defects in the material or workmanship. Fading and weathering of the surface will naturally occur over time and is not considered to be warrantable defects. Please be aware that damage to panels due to misuse is not warranted.

**2 years warranty on the ozone generator:** Superior Wellness warrants the ozone generator against defects in materials or workmanship.

**2 years warranty on the audio system components:** Superior Wellness warrants the factory installed audio components {i.e. power supply, speakers, wires, etc.} against defects in materials or workmanship. This includes Bluetooth modules.

**2 years warranty on LED lights:** Superior Wellness warrants the factory installed LED lights against defects in materials or workmanship.

**2 years warranty on the thermo cover:** Superior Wellness warrants the thermo cover against defects in materials or workmanship. Please be aware that damage to covers due to misuse is not warranted.

**2 years warranty on plastic components:** Superior Wellness warrants the filter housing, pillows, diverters, waterfalls, cup holders. Defects due to water chemistry are not covered.

**2 years warranty on Jets:** Superior Wellness warrants the jets against defects in materials or workmanship, this does not cover jets failing due to lack of maintenance and poor water chemistry.

\* Lifetime warranty period 10 years.

\* Any damage found must be reported within 30 days with images. Any damage not reported and in time worsens maybe rejected.

# Experience ultimate relaxation.

We specialise in crafting luxurious, high-end hot tubs designed for ultimate relaxation and wellness, combining exceptional craftsmanship, eco-friendly technology, and unparalleled customer service to transform your outdoor space into a serene sanctuary.
